# CANADIAN FISHING COMPANY

## SALMON & HERRING ROE PRODUCTS

The largest packer of canned salmon in Canada, Canfisco also offers a variety of other fresh and frozen seafood products including salmon and herring roe.

Products	Description
<b>Salmon Caviar (Ikura)</b>	Salted salmon caviar, or ikura, is produced from chum and pink salmon and is available in 1 kg and 10 kg containers. Sold in Canada, the US, Japan and Europe.
<b>Salmon Roe Skeins (Sujiko)</b>	Salted salmon roe skeins, or sujiko, are produced mainly from sockeye, pink and chum salmon. Available in 5 kg containers, these products are exported to the Japanese market.
<b>Herring Roe (Kazunoko)</b>	Pacific herring are harvested mainly for their roe. Extracted, graded and packed in 38 lb. pails, Canfisco's golden herring roe, or kazunoko, is shipped primarily to Japan and meets the high quality demands of the kazunoko trade.
<b>Herring Roe on Kelp (Komochi Kombu)</b>	Kelp covered with herring roe spawn is harvested, brine-cured, graded, and packed in 35 lb. pails. Primarily sold in Japan, Canfisco's golden herring roe on kelp, or komochi kombu, is recognized for its fine quality.

**Canadian Fishing Company is recognized at home and abroad  
as a producer of premium quality seafood.**
